Valois: per Blake's request, I suspect you are the only one with pdfs of all of the letters we addressed individually to all 38 tribes, including the eight tribes who have responded so far. Can you send these eight to Blake or direct him to a common drive? If you could also fill out TAP's form that would be great.

Blake: I have attached letters/emails from the first six tribes who accepted our invite to consult. Responses from the 7<sup>th</sup> and 8<sup>th</sup> Tribes (Crow in MT and Northern Arapahoe in WY) were only in the form of voicemails (although they may still decide to respond in writing).

Hi Douglas,

I am working on updating the TCOTS system for the Region. Alfreda and Callie suggested that I reach out to you to get information regarding the Dewey-Burdock meetings. We are working to make sure all of our consultations get uploaded into the national tracking system. What I need to do is upload a copy of the letter we sent to the Tribe offering consultation and the letter they sent back confirming that they did indeed want consultation. I'm also attaching a quick form that needs to be completed (top part only at this point). I can swing by your office if you would like to discuss. Thanks for working with us as we update the R8 consultation process.
